Michigan Department of Community Health Community Water Fluoridation Program

Michigan Facts

Percentage of Persons Served by Michigan
Community Fluoridated Water Systems by County

The Goal of the MDCH-Oral Health Community Water Fluoridation Program:

to promote a quality Community
Water Fluoridation Program through
the State of Michigan with the Oral
Health Program, Department of
Environmental Quality (DEQ) and the
Michigan Oral Health Coalition to
reduce dental disease in our state

SOHP Objective

Goal 2: Implement evidence-based preventive practices that maintain optimal oral health for Michigan communities.

**Support preventive oral health measures to include: Community water fluoridation

Objective of 2011 CWF Program:

A. Update State Fluoridation Plan that implements CDC grant requirements and submit requested reports

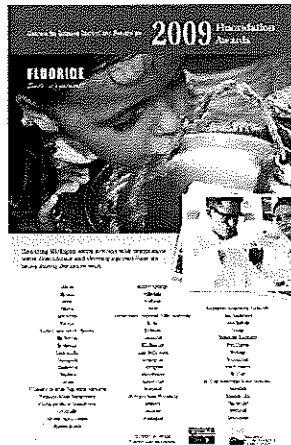

Objective of 2011 CWF Program:

B. Monitor fluoride levels on monthly basis consistent with WFRS

Month	Avg. Fluoride (ppm)	Compliance Status
Jan	0.75	Compliant
Feb	0.75	Compliant
Mar	0.75	Compliant
Apr	0.75	Compliant
May	0.75	Compliant
Jun	0.75	Compliant
Jul	0.75	Compliant
Aug	0.75	Compliant
Sep	0.75	Compliant
Oct	0.75	Compliant
Nov	0.75	Compliant
Dec	0.75	Compliant

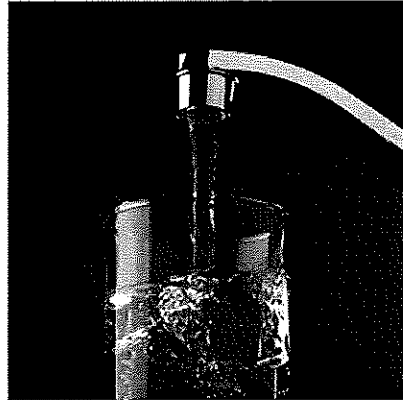

2010 CDC Awards

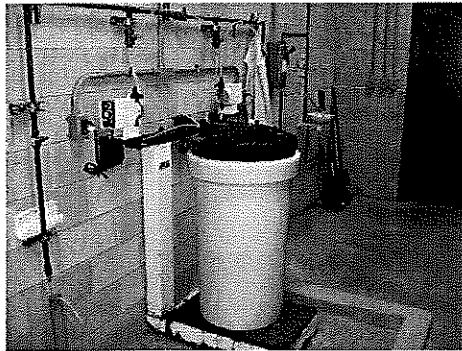

- 55 CWS in 2009
- 68 CWS for 2010
- 12 Months consecutive optimal fluoride average level

New Proposed Recommendation:

- **.7 mg/L**
- Based on increased use of other sources
- Not based on climate
- Reduction of dental decay
- Reduction of dental fluorosis

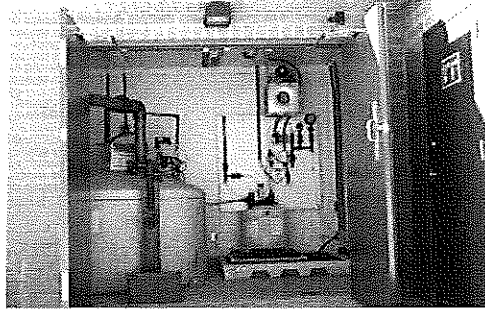

Objective of 2011 CWF Program:

C. Track Progress of Incorporating CDC EARWF Practices (DEQ equivalent)

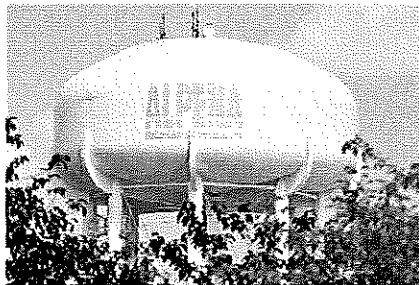

Objective of 2011 CWF Program:

D. New or Replacement Equipment to Communities Looking to Add Fluoridation

2010 Grantees:

- Alpena
- Escanaba
- Gladstone
- Greenville
- Marine City
- Marquette
- Muskegon

2011 Grantees

- City Bangor
- Lansing Board of Water and Light
- Escanaba
- Ionia
- Lake Odessa
- Munising

 DELTA DENTAL

Objective of 2011 CWF Program:

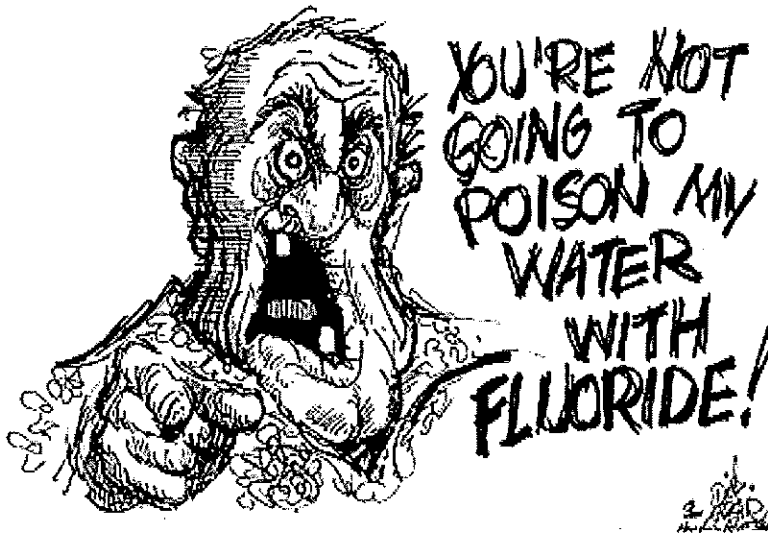

- E. Meet Healthy People 2020 goal of 79.6% of US population on Community Water Fluoridation**

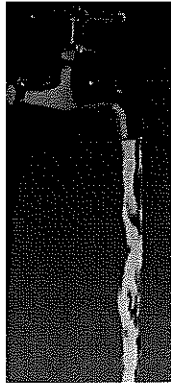

Objective of 2011 CWF Program:

**F. Education and
Promotion of
Community Water
Fluoridation**

CDC Fluoridation Training
